The inhabitants of the villages of Hrdly-Oleška, Libotenice, Mucniky, and Ceske Kopisty, all in the district of Teresin (N50-31, E14-09), were again requested to make all preparations to leave their homes in the near future. They had been informed three months earlier that they should move to other places at a date to be given to them later. Most of them have not yet started serious preparations to move into an unknown future, and have not given up the hope of being allowed to remain in their native villages.

Comment: It is believed that the area in question is to become a big military installation, presumably an airport.
